

This list was last updated on 20-July-2008 and is subject to continuous changes.

Note: Not all printers have been tested yet. If your printer is not on this list, it may or may not work with the transfer paper. The following list is based on the manufacturer's own compatibility testing. We do not warrant the accuracy of this information due to the individual differences even within the same printer model and our inability to independently verify the manufacturer's compatibility claims.

Please use this list at your own risk and discretion. Also, select the straight paper path for fewer paper jams

Laser Printer Brand / Model	Is our OPAQUE Transfer paper compatible with this Laser Printer?	Is our TRANSPARENT Transfer paper compatible with this Laser Printer?
